

If passed by voters on May 15, 2018 the proposed \$619.7 million bond would increase the current property tax levy rate by an estimated \$1.24 per \$1,000 of assessed property value. If the bond does not pass, the additional tax would not be levied and the listed projects would not be completed. The Community Facilities Task Force reviewed all funding methods available to the district and recommended the School Board place a general obligation bond on the ballot for voters to consider. The district would receive an \$8,000,000 grant from the state if bonds are passed.

## Cummings Elementary School

Cummings Elementary School is a single-story facility constructed in 1953. Stable enrollment is projected through 2025 and beyond. The identified expansion projects would provide a larger cafeteria. Building projects would include heating/ventilation upgrades, as well as technology and communications improvements to provide expanded wireless capacity and intercom system upgrades. Bond funds would also be used to provide improved supervision of the main entry and seismic improvements.

If the bond passes:

### Timeframe

2020 (construction start date)

### Additional/Expanded Space

- Cafeteria expansion
- Removal or replacement of portable classroom

### Improvements

- Heating / ventilation
- Sidewalk additions
- Intercom system upgrades
- Seismic improvements
- Increase visibility of main entry from office
- Expanded wireless capacity

### Enrollment Projections 2016-2035\*
