

If passed by voters on May 15, 2018 the proposed \$619.7 million bond would increase the current property tax levy rate by an estimated \$1.24 per \$1,000 of assessed property value. If the bond does not pass, the additional tax would not be levied and the listed projects would not be completed. The Community Facilities Task Force reviewed all funding methods available to the district and recommended the School Board place a general obligation bond on the ballot for voters to consider. The district would receive an \$8,000,000 grant from the state if bonds are passed.

## Englewood Elementary School

Englewood Elementary School is a multi-story facility constructed in 1910. The school is within capacity with stable enrollment projected through 2025. The identified building improvement projects would include music room improvements, as well as technology and communications improvements, such as expanded wireless capacity and intercom system upgrades. Bond funds would also be used to provide upgraded electronic key access and improved supervision of the main entry.

If the bond passes:

### Improvements

- Intercom system upgrades
- Music room improvements
- Expanded wireless capacity
- Card access system upgrades
- Security improvements to increase visibility of main entry from office
- Removal and/or replacement of end-of-life portable classroom

### Enrollment Projections 2016-2035\*
