

If passed by voters on May 15, 2018 the proposed \$619.7 million bond would increase the current property tax levy rate by an estimated \$1.24 per \$1,000 of assessed property value. If the bond does not pass, the additional tax would not be levied and the listed projects would not be completed. The Community Facilities Task Force reviewed all funding methods available to the district and recommended the School Board place a general obligation bond on the ballot for voters to consider. The district would receive an \$8,000,000 grant from the state if bonds are passed.

## Judson Middle School

Judson Middle School is a single-story facility constructed in 1957. Four (4) portable classrooms were added to address previous enrollment growth. The identified expansion projects would increase the size of the cafeteria as well as add three (3) general classrooms, four (4) science labs and a fitness room, providing classrooms and core areas to meet projected student enrollment through 2025. Building improvement projects would include exterior seal, heating/ventilation upgrades, roofing replacement, plumbing improvements, library improvements and replacement of partition walls. Technology and communications improvements would provide expanded wireless capacity and intercom system upgrades. Bond funds would provide upgraded electronic badge access and improved supervision of the main entry.

If the bond passes:

### Timeframe

2019 (construction start date)

### Additional/Expanded Space

- Cafeteria expansion
- Three (3) general classrooms
- Four (4) science labs
- Fitness room

### Improvements

- Exterior seal
- Heating / ventilation
- Roofing replacement
- Plumbing
- Replacement of partition walls
- Intercom system upgrades
- Seismic improvements
- Card access system upgrades
- Library improvements
- Expanded wireless capacity
- Increase visibility of main entry from office

### Enrollment Projections 2016-2035\*
