

If passed by voters on May 15, 2018 the proposed \$619.7 million bond would increase the current property tax levy rate by an estimated \$1.24 per \$1,000 of assessed property value. If the bond does not pass, the additional tax would not be levied and the listed projects would not be completed. The Community Facilities Task Force reviewed all funding methods available to the district and recommended the School Board place a general obligation bond on the ballot for voters to consider. The district would receive an \$8,000,000 grant from the state if bonds are passed.

## Lamb Elementary School

Lamb Elementary School is a single-story facility constructed in 2001. Two (2) portable classrooms were added to address previous enrollment growth. Stable enrollment is projected through 2025. The identified building improvement projects would include roofing replacement and HVAC improvements. Technology and communications improvements would provide expanded wireless capacity and intercom system upgrades. Bond funds would also be used to make changes to the visibility of the front entry from the office and update the electronic badge access system. Music room improvements would also be provided.

If the bond passes:

### Improvements

- Roofing replacement
- HVAC
- Intercom system upgrades
- Music room improvements
- Card access system update
- Expanded wireless capacity
- Increase visibility of main entry from office

### Enrollment Projections 2016-2035\*
