

If passed by voters on May 15, 2018 the proposed \$619.7 million bond would increase the current property tax levy rate by an estimated \$1.24 per \$1,000 of assessed property value. If the bond does not pass, the additional tax would not be levied and the listed projects would not be completed. The Community Facilities Task Force reviewed all funding methods available to the district and recommended the School Board place a general obligation bond on the ballot for voters to consider. The district would receive an \$8,000,000 grant from the state if bonds are passed.

## Miller Elementary School

Miller Elementary School is a single-story facility constructed in 2000. The identified building improvement projects would include music room improvements, as well as flooring and roofing replacements. Technology and communications improvements would include expanded wireless capacity and intercom system upgrades. Bond funds would also be used to provide updated electronic badge access, as well as improved supervision of the main entry.

If the bond passes:

### Improvements

- Flooring
- Roofing replacement
- Music room improvements
- Intercom system upgrades
- Expanded wireless capacity
- Card access system upgrades
- Security improvements to increase visibility of main entry from office
