PUBLIC SCHOOLS

If passed by voters on May 15, 2018 the proposed \$619.7 million bond would increase the current property tax levy rate by an estimated \$1.24 per \$1,000 of assessed property value. If the bond does not pass, the additional tax would not be levied and the listed projects would not be completed. The Community Facilities Task Force reviewed all funding methods available to the district and recommended the School Board place a general obligation bond on the ballot for voters to consider. The district would receive an \$8,000,000 grant from the state if bonds are passed.

Straub Middle School

Straub Middle School is a two-story facility constructed in 2011. The school is under capacity with slowly declining enrollment projected through 2025. The identified building projects would include exterior seal and technology and communications improvements, such as expanded wireless capacity and intercom system upgrades. Bond funds would also be used to provide improved electronic badge access to exterior doors.

If the bond passes:

Improvements

- Exterior seal
- Intercom system upgrades
- Expanded wireless capacity
- Card access system upgrades
